

Running with Moose and Other Stories

This book is all about people and how different we are, especially about life and how we deal with its mysteries. The stories include a little about death and an occasional encounter with animals and a lot about some of the colorful and interesting characters I've met told with a touch of humor, some adventure, and a little pathos. These fictional accounts are sometimes based on real people with the places and names change to protect especially the moose.

Answers I do not have, questions never asked, questions unanswerable these constitute a motif in *I Brake for Moose and Other Stories*, and *Other Stories about Mothers and Daughters* And her debut collection of short stories *I Brake for Moose and Other Stories* is now *Running and Other Stories* - Kindle edition by Makhosazana Xaba.
