

This e-book is all about one single man's adventures in Angeles City, Philippines after hours. The bars, all night disco's and the many massage shops where a single guy can end up with a great oil massage and the optional happy ending. In some cases I've taken artistic license to paint the picture a bit clearer but everything you read is based on true stories as they happened to me personally. Some of the stories sound almost too wild and crazy to be true yet they are. Did I spend a lot of time in the pursuit spending intimate time with young beautiful Filipino girls in the bars, massage shops and discos night after night? Yes I did! It's not for everyone but for single or divorced guys the nightlife can be heaven on earth especially if you're over age 50. Back in a western country let's face it unless you're a millionaire the ladies look at you like a dead man walking. In the Philippines attractive girls in short, tight dresses will make you feel like a young man again. Do the bar girls and massage shop workers also think you're a walking ATM machine? Sure they do! But is that any different from a woman in the west that wants to know what kind of job you have, car you drive and how new it is and whether you rent or own your home before she ever decides to go out on a date with you? Make no mistake, partying with 20 year old girls in the bars and discos of Angeles City can be addictive and even dangerous at times but that's Angeles City After Hours. The alternative is to stay home, grow old and wait until you flat line and fall face down into a bowl of oatmeal at the nursing home when you're 85 years old. Personally I'd rather flat line with a 20 year old Filipino girl that I picked up from an all-night disco riding me hard until my heart pops like a balloon. We all have to go sometime. But some ways are better than others. What will you choose?
