

Namibia: Coffee Table Book (Gerald & Marc Hoberman Collection)

Master photographers Gerald and Marc Hoberman have returned to Namibia to capture the essence of this awe-inspiring country and celebrate its many unique facets through more than 450 never-seen-before large scale photographs, accompanied by fascinating and entertaining text. From land and air, the renowned South African father-and-son team have covered the length and breadth of this immense country to produce the most ambitious and definitive work on the country ever produced.
