

## Into the War

This book deals both with a transition from adolescence into youth and with a move from peace to war: as for very many other people, for the protagonist of this book entry into life and entry into war coincide. from the Authors Note These three stories, set during the summer of 1940, draw on Italo Calvino's memories of his own adolescence during the Second World War, too young to be forced to fight in Mussolini's army but old enough to be conscripted into the Italian youth brigades. The callow narrator of these tales observes the mounting unease of a city girding itself for war, the looting of an occupied French town, and nighttime revels during a blackout. Appearing here in its first English translation, *Into the War* is one of Calvino's only works of autobiographical fiction. It offers both a glimpse of this writer's extraordinary life and a distilled dram of his wry, ingenious literary voice. All three stories attest to the potentially magical, transformative space of adolescence ... The seeds of the later Calvino the fabulist who worked profound moral and ethical points into his narratives are all here. Joseph Luzzi, *Times Literary Supplement*

The Soviet-Japanese War was a military conflict within the Second World War beginning soon after midnight on August 9, 1945, with the Soviet invasion of the - 25 min - Uploaded by RTIs the Middle East stumbling towards a region-wide war?
