Jacqueline Sheehan made serious waves with her much beloved runaway bestseller, *Lost and Found* (The best book I've read in a long time Susan Elizabeth Phillips). Now she treats readers to a sequel, *Picture This* a story of rebirth and personal redemption that is as moving, funny, and heart-soaring as its predecessor. Whip-smart contemporary women's fiction with heart and soul, in *Picture This*, Rocky Pelligrino is back on Peaks Island off the coast of Maine, along with Cooper the dog, the beautiful black Labrador retriever who gave her a new leash on life. But this time a new wrinkle warps the fabric of her world when a young girl shows up on Rocky's doorstep claiming to be the long-lost daughter of her late husband.
