

Stolen & Fractured (Stolen Series) (Volume 2)

We all have secrets. Dominic promised me a life in the light when he said I do. After spending months as his prisoner, chained to his bed, and beholden to his every desire, he promised me a lifetime spent making it up to me, proving how sorry he was. Secrets have the power to tear us apart. As things from our past continued to be revealed, Dominic was harboring secrets of his own descending further into the darkness. Except, this time I wasn't welcomed into the shadows with him. The man who slept in my bed and looked like my husband had become nothing more than an apparition of the man I fell for, and I feared the day I would wake to find even the ghost of him missing. Dominic had already captured me, body and heart. Could I afford to lose my soul, too? I had a choice to make: I could stay and risk losing myself in him completely, or go and save myself the heartache of his inevitable fall. What choice would you make?
