

The Jakarta Pandemic

The definitive pandemic novel. One family's struggle to survive as a deadly pandemic sweeps the nation. This book both entertains and prepares at the same time. Reading this book might save your life if the Ebola virus or Avian flu turns into a pandemic. Preparedness consultant-2014

The Jakarta Pandemic: The Peoples Republic of China announces strict travel restrictions... Indonesia goes dark... Cases of an unclassified influenza virus appear in major cities around the globe... Department of Health and Human Services officials claim that measures have been taken to safeguard the American public... Most ignore the warnings... Alex Fletcher, Iraq War veteran, has read the signs for years. A seasoned sales representative for Biosphere Pharmaceuticals, he understands the unique dangers of a pandemic flu and has taken the necessary steps to prepare. With his family and home mobilized to endure an extended period of seclusion, Alex thinks he's ready for the pandemic. He's not even close. The lethal H16N1 virus rapidly spreads across the nation, stretching the fragile bonds of society to the breaking point. Schools close, grocery stores empty, fuel deliveries stop, hospitals start turning away the sick... riots engulf the cities. As hostility and mistrust engulfs his idyllic Maine neighborhood, Alex quickly realizes that the H16N1 virus will be the least of his problems. The Jakarta Pandemic is a terrifying, cautionary tale that explores the depths of human desperation and its unremitting influence on our decisions. - The sequel, The Perseid Collapse, is now available - It delivers a vicious punch of violence and heroism for the reader to endure and admire. I could hardly put The Jakarta Pandemic down until I finished it. - Amazon Reviewer (2012) The tension builds as difficult choices are made, when no good options seem to be available. I found certain segments to be

uncomfortably realistic, at times creepy in the way you could feel things closing in around the family. - Amazon Reviewer (2013) It makes you think just how prepared you really are for any kind of emergency. It makes you question your resolve in a potential crisis. How far are you willing to go to protect your loved ones? Every day that goes by, these characters have to question what is right and what is wrong. Take the trip thru this book. You wont be disappointed. - Amazon Reviewer (2013) Pay attention as you may learn a few things in this book that could help you make the best of an emergency situation. For that matter some of the info in this book may very well save your life. - Amazon Reviewer (2013) Anyone who has relished running to the hardware store before a big storm to stock up on essentials will be drawn to Steve Konkolys intricately-researched and drawn breakdown of our supply systems, and transfixed by his description of what it takes to survive six months of enforced isolation behind the locked(booby-trapped, draped and shuttered) doors of ones own home. - Amazon Reviewer (2011) I found the setting to be a refreshing change from other PA novels. Stories in this genre tend to focus on the world at large or center on a group of people traveling on a journey to find safe harbor. This novel centers on one family hunkered down in their home and how they interact with their neighbors on their street. I was quite impressed with the level of research put into this novel, the author clearly did his homework. - Richard Stephenson, author of the critically acclaimed New America series.

The Jakarta Pandemic is a terrifying, cautionary thriller that explores the depths of human desperation and its unremitting influence on our decisions. AmazonEditorial Reviews. Review.
