Writer: Sid Jacobson Pencils: John Buscema Inker: Romeo Tanghal Color: Julianna Ferriter & Bob Sharen Letter: Joe Rosen Cover: Ted Coconis Issue: #40
Pages: 68 Publisher: Marvel Comics Group Price: \$2.50 (In 1986) Release Date: October 1986 Side Notes: The Labyrinth was first published as a limited three issue comic book adaptation and later reprinted in Marvel Super Special #40. It is available for purchase through auction sites, like eBay, or through a search online.

Marvel Super Special #40 was written in an abridged version of Labyrinth. The writing was decent, and the artwork looked great. However, I wished that characters emoted their expressions better from panel to panel. Each actors characterization translated wonderfully for the comic adaptation. Unfortunately, Jareths face didnt capture the essence of his character like the rest of the cast. He looked like an awkward and unattractive mysterious figure, which paled in comparison with his movie version. My favorite drawings in the comic book were of the landscapes and the Muppets.
