

A High Wind in Jamaica

Set in the 19th century against a backdrop of island life and the vast surrounding seas, *A High Wind in Jamaica* is the gripping story of the Bas-Thornton children, whose parents send them back to England following a hurricane in the postcolonial Caribbean they call home. Having set sail, the children quickly fall into the hands of pirates. As their voyage continues, things take an awful turn. Narrated largely from the perspective of the children, the supposed innocents are not the only victims of amoral behaviour, but sometimes the perpetrators.
